## ***Shadowbox Live's New Show Exposes the Dirty Little Secrets Kept Between the Sheets***

(Columbus, OH)— *Shadowbox Live's* sultry sketch comedy and music show ***Hot & Bothered*** opened Thursday, March 31 and continue most Fridays and Saturdays through August 5. The brand-new show takes a peek between the sheets through entertaining sketches and music by the Jonas Brothers, The Interrupters, Miranda Lambert & Carrie Underwood, Van Halen and many more fan favorites.

In addition to the wide range of music, the sketches will follow the world's greatest detective as he 'enjoys' a double date, an app that edits your texts to your ex after you've had a few too many cocktails and an American teenager that may or may not have a girlfriend in Canada.

"*Hot & Bothered* will be just what you need to ring in the spring season. It's filled with fun contemporary and classic music hits and a variety of original sketch comedy spanning subjects from Cosplay to Grillin,'" said Julie Klein, Producing Director at Shadowbox Live.
